I need a quick and fun way to **check my students' knowledge**

Build **ACCOUNTABILITY** with a game-based activity in Monster Quiz

Motivate your students to recall what they've learned, cooperate and use their competitive energy.

SMART®

Here's what to do:

1. Sign into your SMART Notebook® account.

2. Click the icon and choose Monster Quiz.
3. Choose from True or False, or Multiple Choice question types, and fill in your questions and answers.

4. After your students log into **hellosmart.com** on their devices, divide them into teams.

5. Time to play! Every correct answer takes your students closer to the monster hatching (get ready for some healthy — and loud — classroom competition). The team whose monster hatches first wins.
6. Click Review to see students' answers.
