

# SMART Training

## SMART Response™

### What to expect

- You'll become comfortable using SMART Notebook™ collaborative learning software and the SMART Response™ interactive response system in your classroom
- You'll receive a *SMART Response Training Learner Workbook*. It includes reference material, step-by-step instruction and hands-on practices. The learner workbook is used during the session and is an excellent reference resource.
- You'll get hands-on practice building class lists, and designing and delivering assessments using SMART Response assessment software
- Sessions are delivered using SMART Response assessment software and each session is led by a SMART Training Specialist

### Who should attend?

- K–12 educators. Higher education instructors and corporate trainers may also find the training useful.
- Participants who wish to attend a SMART Response full-day training session should have previously attended a SMART Notebook Level 1 training session

### Event schedule

1. **Introduction to the system:** Discover how to effectively integrate SMART Response into your classroom. We'll show you how the system works and how it can benefit your teaching and assessment practices.
2. **Hardware and software setup:** Find out how easy it is to set up SMART Response to create, deliver and evaluate assessments

Extraordinary made simple™

SMART™

3. **Creating assessments:** Learn how to enhance your SMART Notebook lessons with SMART Response questions
4. **Delivering assessments:** See how you can use SMART Notebook software to deliver and monitor assessments in your classroom
5. **Evaluating results:** Learn how to use SMART Response to make evaluation, grading and reporting easier
6. **Additional resources:** Discover how SMART supports you with access to software downloads, educator resources and the SMART Training Center

### Customer requirements for an on site session

- All participants should have basic knowledge of Microsoft® Windows® or Mac OS® operating system software
- A room that will comfortably hold the participants and a SMART Training Specialist
- Access to the Internet (recommended but not required)
- One computer per participant with SMART Response assessment software installed
- A projection screen or SMART Board™ interactive whiteboard
- 15 SMART Response clickers and one SMART Response system receiver

### How can I prepare for the session?

Enroll in a free, live online training session at:
