

Collaborating using SMART Sync Software

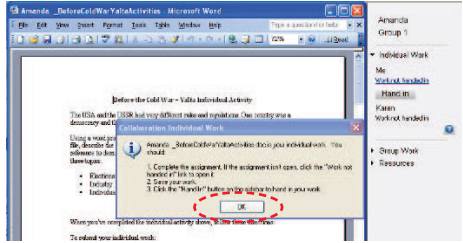

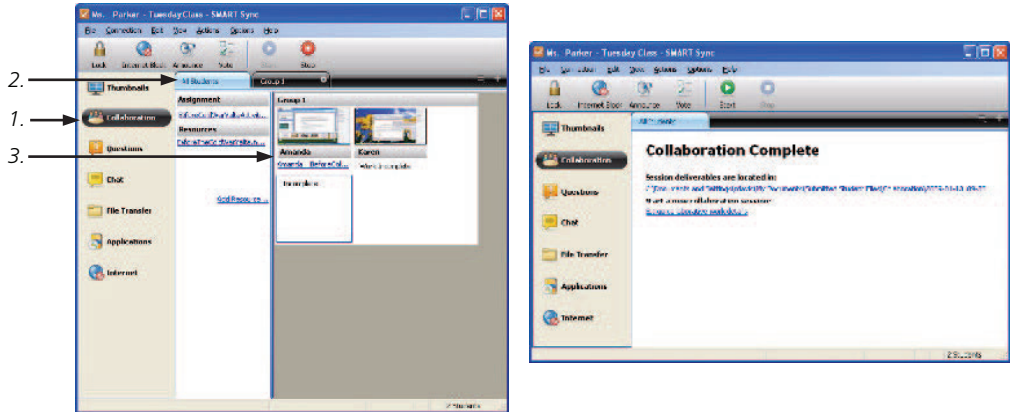

Using the Collaboration view in SMART Sync, you can separate your class into working groups of two or three students, distribute an assignment for them to complete collaboratively, and monitor their progress. Select this view by clicking the Collaboration button on the left side of your screen.

NOTE: If Mac® computer users connect to the class, collaboration is disabled.

<p>Action</p>	<p>To start collaborative assignments:</p> <ol style="list-style-type: none"> 1. Select the Collaboration view 2. Select the group size 3. Select a collaborative assignment by clicking Browse, selecting the file location in the <i>Open</i> dialog box and clicking Open 4. Select any additional resources you want to include with the assignment by clicking Add, selecting the file location in the <i>Open</i> dialog box and clicking Open 5. Select Allow students to chat if you want to allow students to communicate while they're working on the assignment 6. Click Start
