

## SMART Podium™ ID422w

interactive pen display

Control computer applications and write notes on the LCD screen while your students see the same image projected on a larger screen.

The SMART Podium will help you create compelling lectures by bringing interactivity to your materials.

Connected to a computer and projector, the ID422w enables you to write over your favorite applications in digital ink, access website content or multimedia files and display everything you do on a large screen so everyone can see.

### Large workspace in a widescreen display

The ID422w provides a large workspace with a widescreen 22" (56 cm) display. It is fully compatible with any widescreen devices you use to create your lecture materials. Now it's easier than ever to engage students with wide-format content such as videos and images.

### Seamless integration with your existing technology

With a high-definition resolution in a 16:9 aspect ratio, the ID422w also has flexible scaling options to support 16:10 and 4:3 resolutions, making it well suited to your existing technology and ensuring support for your future technology investments.

### Present lecture materials with ease

With the ID422w, you'll be able to comfortably interact with your materials while maintaining eye contact with your students. Easy-to-access buttons on the console enable you to instantly change ink colors, access mouse buttons and more.

### Save and share your work

With SMART Notebook™ collaborative learning software, you can save your notes, screen captures, images and other work to a single file. You can also save digital notes directly into several software applications, including AutoCAD® and Microsoft® PowerPoint®, Excel® and Word.

- 1** On-screen display buttons
- 2** Pen-tool buttons – left mouse button, digital ink color, eraser
- 3** Function buttons – On-Screen Keyboard, right mouse button, Screen Capture tool, Floating Tools toolbar, SMART Notebook software
- 4** USB ports

## Key features

### Widescreen display

Connect the ID422w to a computer and easily manipulate highly detailed materials on the large, widescreen 22" (56 cm) display. SMART Podium is designed with straight sides and a flat bezel to support a natural writing posture.

### Interactive screen

Control your computer with the tethered pen tool and write over any application with digital ink.

### Save function

Capture your work in SMART Notebook software or save notes directly into several software applications, including AutoCAD and Microsoft PowerPoint, Excel and Word.

### Battery-free, tethered pen tool

Write smoothly and comfortably with the tethered pen tool. It's the point of contact on the screen, so you don't have to worry if you brush the screen with your palm or sleeve. And because the pen tool is battery free, there's no maintenance cost or downtime searching for replacement batteries.

### Pen-tool buttons

Change ink color, use the eraser or access the left mouse button without crowding your display with toolbars.

### Function buttons

Quickly access the right mouse button, On-Screen Keyboard, Screen Capture tool, Floating Tools toolbar and SMART Notebook software.

### On-screen display buttons

Fine-tune display properties to suit your preferences.

### Adjustable tilt stand

Move the console to a comfortable angle for viewing content and writing notes.

### VESA mounting plate

Integrate the interactive pen display with any standard 4" (100 mm) VESA mounting arm.

### USB connection

Easily connect the ID422w to your computer.

### USB ports

Enhance your presentation by connecting a memory key, a document camera or other peripheral to the three 2.0 high-speed ports.

### Video connection

Connect the ID422w to a computer and digital projector with a DVI, HDMI or VGA cable, and both the projector and the ID422w will display the same image simultaneously.

### Warranty

The SMART Podium interactive pen display comes with a two-year warranty.

### Specifications

#### Size

22 1/4" W x 15 1/4" H x 2 1/8" D  
(56.5 x 38.5 x 5.6 cm)

#### With tilt stand (lowest position)

22 1/4" W x 6 3/4" H x 17" D  
(56.5 x 17.1 x 43.2 cm)

#### With tilt stand (highest position)

22 1/4" W x 15 3/4" H x 10 1/4" D  
(56.5 x 40.0 x 26.0 cm)

#### Display area

18 3/4" x 10 3/4" (47.7 cm x 27.3 cm)  
21 1/4" (54 cm) diagonal

#### Weight (with stand)

17 lb. 10 oz. (7.7 kg)
