

Connect students and their devices to a workspace with all your lesson content

SMART amp™ brings the whole class, groups of students or individuals together in a shared space to work on projects, add multimedia content and instant message. This is all done using student devices and while tracking contributions from each student, so educators have insight into who is contributing what.

A screenshot of the SMART amp workspace interface. The interface is designed to look like a corkboard. At the top, there are navigation tabs for "Workspaces" and "Today's Workspace". Below this is a toolbar with various icons for collaboration and content management. The main area is a corkboard with several educational cards pinned to it. The cards include:

- "The Rainforest": A card with a green background and a photo of a rainforest. Text: "Rainforests are the world's largest living ecosystems. It has four layers: Emergent, Canopy, Understory and Forest Floor." A URL is provided: <http://images.nationalgeographic.com/wpf/media-live/photo...> with an "Open in new tab" button.
- "Toucan": A card with a blue background and a photo of a toucan. Text: "Toucans are members of the family Ramphastidae of most passerine birds from the Neotropics. The Ramphastidae family is most closely related to the Ardeidae family. They are brightly colored and have large, often colorful bills." Scientific classification: Kingdom: Animalia, Phylum: Chordata, Class: Aves, Order: Cuculiformes, Family: Ramphastidae, Genus: *Toucan*.
- "Boa Constrictor": A card with a green background and a photo of a boa constrictor. Text: "Boa Constrictor".
- "Spider Monkey": A card with a purple background and a photo of a spider monkey. Text: "Spider Monkey".
- "Sloth": A card with a yellow background and a photo of a sloth. Text: "Sloth".
- "Frog Life Cycle": A card with a blue background and a photo of a green frog. Text: "Life cycle of a frog notebook", "The Frog Life Cycle".
- "Arrow Frog": A card with a light blue background and a photo of an arrow frog. Text: "Arrow Frog".
- "Atlantic Ocean": A card with a blue background and a map of the Atlantic Ocean. Text: "Atlantic Ocean".
- "Pacific Ocean": A card with a blue background and a map of the Pacific Ocean. Text: "Pacific Ocean".

A large blue circle in the bottom right corner of the workspace contains the text: "Get a free 60-day trial" and "smartamp.com".

Why choose SMART amp:

Get more out of Google Apps for Education

SMART amp leverages Google Apps for Education to take co-creation and student-led learning to a whole new level.

Real-time insight for teachers

Let students to work together, and with their teachers, across laptops and tablets in a workspace designed specifically for education.

Make student devices more powerful

A simple interface means students interact with lessons, content and projects in natural, authentic ways – inside and outside the classroom.

Seamlessly switch activities

Move between whole class, individual and small-group learning activities, as well as project-based or flipped lesson activities, without wasting class time.

Gauge individual contributions

Gain visibility into the learning process by easily seeing the contributions made by each student during group work in the collaborative workspace.

Perfect for Chromebooks

SMART amp works beautifully on Chromebooks, and with it you can still view and write over your SMART Notebook® lessons.

See all features at smartamp.com

Students work together in the **collaborative workspace**.

Contribute to the workspace from **anywhere, at anytime**.

Provides the same experience on **tablets, laptops and interactive displays**.

PART OF THE SMART Learning Suite

Your **SMART Learning Suite** subscription includes SMART Learning Suite Online, plus collaborative workspaces, formative assessments, game-based activities and interactive lessons.

Take over the workspace at any time to **demonstrate and describe work to students**.

Import SMART Notebook lessons, view them in full screen, export pages and write over them.

Import your **Google Classroom class lists directly**. They update automatically.
