

SMART
kapp iQ

Powered by  SMART Learning Suite

These Ultra HD interactive displays let you write back and forth from the screen and mobile devices, in real time, making group work and teacher-led instruction more dynamic. These contributions can be saved and re-used in SMART Learning Suite.

**AVAILABLE IN
THREE SIZES**

55" | 65" | 75"

Collaborate Naturally™

SMART

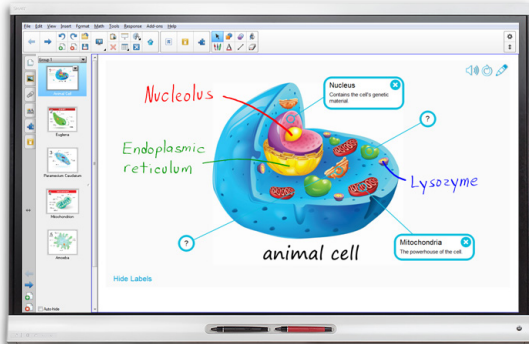

A complete all-in-one classroom solution

The latest enhancements to kapp iQ offer one-touch access to a full range of classroom applications, promising an integrated experience between student devices and the interactive display, without the need for an external computer. It's easy to move the display around your school to create flexible learning environments.

- One-touch access to SMART amp, SMART lab* and a SMART Notebook viewer*
- Built-in web browser
- Screencasting*
- Guest PC* access

*Automatic software updates – anticipated in August 2016

Key features

Powered by SMART Learning Suite

SMART Learning Suite includes SMART Notebook®, SMART lab™, SMART response® 2 and SMART amp™. Together, they connect students, teachers and devices to turn lessons into enriching learning experiences.

Walk Up and Use Simplicity

The display is ready when you are. Presence Detection ensures it powers on when you walk into the room. Simply connect your phone to get started.

From device to whiteboard and back again

Invite contribution from any participant in the session. They can ink onto the display from their device – laptop, tablet or phone. That contribution will simultaneously appear on all other devices in real-time.

Panoramic whiteboard

The panoramic whiteboard scrolls left to right, giving you more room to work.

The SMART kapp app

Connect one device (Android or iOS) to the display. Now you can share the session with up to 250 students, all of whom have the ability to follow and contribute to content as it unfolds in real-time, contribute in real-time and save it all for later.

SMART kapp add-on for SMART Notebook

Instantly convert & modify notes taken from SMART kapp or SMART kapp iQ directly in a Notebook lesson.

Continue where you left off

Take saved notes from your SMART kapp whiteboard session and bring them up on the SMART kapp iQ interactive display. This way you can continue working on ideas, even if they began on a whiteboard.

ENERGY STAR® compliant

Certified by ENERGY STAR to save energy, lowering your total cost of ownership (kapp iQ 75 only).
