SMART®

SMART Learning Suite Online gives teachers instant access to all of their SMART Notebook® lessons from anywhere on any device. SMART Learning Suite Online lets teachers distribute copies of interactive lessons to individual students on all sorts of devices, so they can play game-based activities, take quizzes and learn at their own pace. It's a whole new way to spark engagement inside active learning environments.

PART OF THE SMART Learning Suite

Your **SMART Learning Suite subscription** includes SMART Learning Suite Online, plus collaborative workspaces, formative assessments, game-based activities and interactive lessons.

Key Features

Access the lesson library anywhere

Teachers can easily access the lesson library from anywhere and deliver lessons using any device, including Chromebooks and iPads.

Promote active learning

Teachers have the option to share a copy of activities, assessments and lessons with each student device. That way students can complete tasks at their own pace and learn together.

Use your Notebook Lessons

SMART Learning Suite Online works with existing Notebook lessons, plus free lesson content in SMART Exchange.

Gauge student understanding

Teachers can create and deliver a SMART lab™ or SMART response® 2 activity, and get instant results that guide instruction.

Incorporate student devices

Lessons incorporating phones, tablets and PCs are changing the way students learn by connecting student devices and content.

Minimize downtime

It's easy for teachers to switch activities on the fly, so students don't lose focus during lesson transitions.

Encourage class participation

Now teachers can access SMART's Instant Page and Shout It Out activities from SMART Learning Suite Online to engage students while delivering a lesson.
