## Standard Features

<b>Cabinet</b>	Durable shell and high-quality finish are dent-resistant and easy to clean. Includes two vertically adjustable shelves. Shelf spacing ranges from 2" to 19" (5.1 cm to 48.3 cm). Accommodates a 7 1/2" × 18" × 18" (19.1 cm × 45.7 cm × 45.7 cm) computer tower. Easily configured to accommodate a 19" (48 cm) rack mount.  If you want to configure your SMART Mobile Stand for a rack mount, you can purchase a hardware accessory kit from your <a href="#">authorized SMART reseller</a> .
<b>Security</b>	Sturdy, locking cabinet with solid doors provides secure storage. Rear maintenance panel features tamper-proof, self-tapping TORX® key hardware.
<b>Adjustable Height</b>	Two-piston hydraulic system provides height adjustment over a range of 15 3/4" (40 cm). The active writing surface of an installed 65" interactive overlay ranges from 30" (76 cm) at its lowest point when your SMART Mobile Stand is lowered, to 78" (198 cm) at its highest point when your SMART Mobile Stand is raised.
<b>Mounting Brackets</b>	Universal mounting brackets secure select flat-panel displays to your SMART Mobile Stand. These brackets feature locking safety clips.
<b>Mobility</b>	Self-contained unit rolls on four 5" (13 cm) heavy duty, non-marking, locking casters. The SMART Mobile Stand prominently features one horizontal and two vertical grab bars, which enable you to easily move the unit.
<b>Stability</b>	Wide footprint and reinforced steel design provide excellent stability for writing on or touching your interactive product.
<b>Audio</b>	Integrated 20 W speakers
<b>Removable Rear Access Panels</b>	Removable maintenance panels at the rear of the cabinet provide easy access to peripheral devices for cable installation and power management.
<b>Ventilation</b>	Rear and bottom venting for peripheral devices
<b>Rear Connection Panel</b>	Rear connection panel enables you to easily connect guest laptop computers, your SMART Document Camera, your Senteo™ interactive response system receiver and other USB 2.0 devices.
<b>One + One Cabling</b>	The rear panel's connections for power and network support enable you to easily connect cables, and disconnect them when you need to move your stand.
<b>Cable Management</b>	A pre-wired cable bundle provides connections between peripherals and your flat-panel display. The cable bundle includes centralized cable management with strain relief. Some flat-panel displays require adapter kits, which you can purchase from your <a href="#">authorized SMART reseller</a> .
<b>Certifications and Compliance</b>	CB, CSA/CE (pending), RoHS and WEEE
<b>Warranty</b>	One-year limited equipment warranty on the stand, height-adjustment mechanism and cabinet

## Power Specifications

Accommodates 1.2 kW. Includes the following items:

<b>Power Bars</b>	Country-specific power bar: <ul style="list-style-type: none"> <li>• NEMA (North America) 110V AC OR</li> <li>• IEC 240V, 50 Hz (Europe and China)</li> </ul>
<b>Power Cord</b>	8' (2.44 m) country-specific power cord with cable management feature
<b>Additional Power</b>	Power access for additional devices near the bottom rear of the stand

## Integration Features

<b>SMART Products</b>	Your SMART Mobile Stand integrates with the following products: <ul style="list-style-type: none"> <li>• SMART Board 400 series interactive display frames</li> <li>• SMART Board 300 series <i>for Flat-Panel Displays</i> interactive overlays</li> <li>• SMART Hub PE260</li> <li>• SMART Hub SE240</li> <li>• SMART Document Camera</li> <li>• Senteo interactive response system</li> </ul>
<b>Laptop (Optional)</b>	Rear connection panel provides support for VGA video, 3.5 mm stereo audio and USB 2.0 for interactive overlay or display frame touch control. Optional laptop shelf accessories available from your <a href="#">authorized SMART reseller</a> .
	<p><b> NOTE</b></p> <p>You need at least three USB receptacles (recommended) on your computer to connect it to your SMART Mobile Stand. If your computer has less than three USB receptacles, you need a USB 2.0 hub (not included) to connect your computer to your stand.</p>
<b>Desktop Computer</b>	Internal connections for a computer provide support for VGA video, 3.5 mm stereo audio, USB for interactive overlay or display frame touch control, and two additional USB devices.
<b>Audio/Video</b>	Internal connections provide support for a component video device with stereo audio (5 × RCA), and a composite video device with stereo audio (3 × RCA).

## Storage and Operating Specifications

<b>Storage</b>	-40°F to 140°F (-40°C to 60°C)
<b>Operating</b>	41°F to 86°F (5°C to 30°C) with up to 80% relative humidity, non-condensing

## SMART Order Numbers

<b>FSSBID 100</b>	SMART Mobile Stand for interactive displays
<b>FSSBID 100H</b>	SMART Mobile Stand for interactive displays for SMART Hub SE240
<b>ADP USB AB</b>	SMART Board 300 series <i>for Flat-Panel Displays</i> interactive overlay USB Type-B to USB Type-A adapter
<b>FSSBID LTS</b>	Optional laptop shelf, featuring an adjustable tilt angle of up to 35° from horizontal. Shelf telescopes outward.
<b>FSSBID RACK MT</b>	Rack mount hardware accessory kit, including 16 rack clips
