

Adding a class to your SMART amp home page

After you sign in to your SMART amp account, you can add a class to your SMART amp home page by either importing a class from Google Classroom, by creating a SMART amp class.

1. Sign in to your SMART amp account.
2. Tap **Add**.

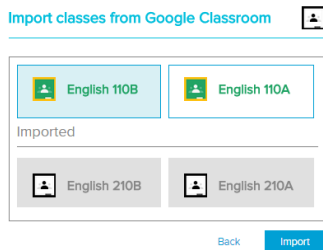

Add a class

Enter a class name:

 from Google Classroom

Importing a class from Google Classroom

1. Tap **Import**.

2. Tap a class icon or more than one icon to select it. Tap the class icon again to deselect it.

NOTE

If you have no classes to import from Google Classroom, tap **Back**.

3. Tap **Import**, and then tap **View classes**.

Creating a new SMART amp class

1. Type a class name in the *Enter a class name* box.

Add a class

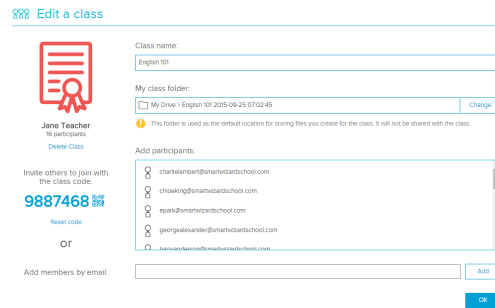

Enter a class name:

 from Google Classroom

2. Tap **Create**.

NOTES

- o Creating a class also creates a default class folder with the same name as the new class.
- o Use the default class folder, tap **Change** to either select a different folder or tap  to create a new folder.

3. Add participants to the class with the following steps:
 - i. Type participants' email addresses or copy and paste multiple email addresses into the *Add members by email* box.
 - ii. Tap **Add**, and then tap **OK**.

OR

Give students the class code OR tap the class code to open a QR code that students can scan to join the class. SMART amp adds new to the participant list automatically.
