Chapter 1
Getting started

This guide explains how to install the following software using the Education Software Installer:

- SMART Notebook™ collaborative learning software 10.8
- SMART Product Drivers 10.8
- SMART Response™ 2011 assessment software
- SMART Sync™ 2011 Teacher software
- Common files

This guide is intended for teachers, IT administrators and others responsible for installing software on teachers' computers.

To use this guide, you must have access to the installation DVD or Internet access.

Computer requirements

Before you install the software, ensure your teachers' computers meet the minimum requirements:

- 1.5 GHz Intel® processor or better
- 1 GB of RAM
- Free hard disk space:

Software	Space required
SMART Notebook software	163 MB
Gallery Essentials	499 MB
Lesson Activity Toolkit	70 MB
SMART Product Drivers	203 MB
SMART Response assessment software	65 MB
SMART Sync Teacher software	25 MB
SMART Common Files	257 MB
Total	**1282 MB**

- Mac OS X 10.5.8 operating system software or later
- Adobe® Flash® Player 10 for SMART Notebook software

Deploying the software

If you're an IT administrator and you want to deploy the software to multiple computers, see the *Education Software Installer 2011 system administrator's guide* (smarttech.com/kb/160532).

Chapter 2
Installing the software

Starting the installation wizard

You can start the installation wizard by inserting the DVD into the computer or by downloading the wizard from the SMART website.

To start the installation wizard from the DVD

1. Insert the DVD into the computer.

   The *Education Software 2011 Installer* dialog box appears.

   > **NOTE**
   >
   > If the dialog box doesn't appear, browse to and open ***[DVD]*/CDBrowser.app** using the Finder.

2. Click **Install**.

   The installation wizard appears.

To download and start the installation wizard from the website

1. Go to smarttech.com/software, click the **Choose a version** button for the software you want to install, and then select the version of the software you want to install.
2. Click **Download**.
3. Enter the requested information, and then click **Start Download**.
4. Save the file to a temporary location.
5. Double-click the file.

   The installation wizard appears.

Using the installation wizard to install the software

To use the installation wizard to install the software

1. Start the installation wizard as described in the previous procedures.
2. Click **Continue**.
3. Read the software license agreement, and then click **Continue**.
4. If you accept the terms in the software license agreement, click **Agree**.

   OR

   If you don't accept the terms in the software license agreement, click **Disagree**.
5. Select the check boxes for the software you want to install.

   NOTE

   The **SMART Notebook** 9and **SMART Product Drivers** check boxes are selected by default.
6. If you selected the **SMART Notebook** check box in step 5, click its disclosure triangle, and then select the check boxes of the Gallery collections you want to install on to your computer.
7. If you selected the **SMART Response** check box in step 5, click its disclosure triangle, and then select the **Start Desktop Menu at log in** check box to start SMART Response software when you first log on to your computer.
8. If you selected the **SMART Product Drivers** check box in step 5, click its disclosure triangle, and then select the **Start Board Tools at log in** check box to start SMART Board Tools when you first log on to your computer.
9. Click **Continue**.
10. Click **Install**.

    A dialog box appears, prompting you for your name and password.
11. Type your name and password, and then click **OK**.

    The installation wizard installs the software you selected in step 6.
12. Click **Close** when you're done.

Using the software after installation

After installing the software, you can use it.

For more information on the software's features, see smarttech.com/support.
