Chapter 1
Getting started

This guide explains how to install the following software using the Education Software Installer:

- SMART Notebook™ collaborative learning software 11
- 3D Tools for SMART Notebook software
- SMART Product Drivers 11
- SMART Ink™
- SMART Response™ 2012 assessment software
- SMART Common Files

This guide is intended for teachers, IT administrators and others responsible for installing software on teachers' computers.

To use this guide, you must have access to the installation DVD or the Internet.

Computer requirements

Before you install the software, ensure your teachers' computers meet the minimum requirements:

- 1.5 GHz Intel® processor or better
- 1 GB of RAM
- Free hard disk space:

Software	Space required
SMART Notebook software	163 MB
Gallery Essentials	499 MB
Lesson Activity Toolkit	70 MB
3D Tools for SMART Notebook software	68 KB
SMART Product Drivers	203 MB
SMART Ink	7 MB
SMART Response software	65 MB
SMART Common Files	257 MB
Recommended total free hard disk space	**2000 MB**

- Mac OS X 10.6 (Snow Leopard), 10.7 (Lion), or 10.8 (Mountain Lion) operating system software
- Adobe® Flash® Player 11.4 for SMART Notebook software
- Safari application program 4.0.2 or later
- Internet access to download Gallery content

Deploying the software

If you're an IT administrator and you want to deploy the software to multiple computers, see the *Education Software Installer 2012 SP1 system administrator's guide* (smarttech.com/kb/170149).

Chapter 2
Installing the software

Starting the installation wizard

You can start the installation wizard by inserting the DVD into the computer or by downloading the wizard from the SMART website.

To start the installation wizard from the DVD

1. Insert the DVD into the computer.

   The *Education Software 2012 SP1 Installer* dialog box appears.

   > **NOTE**
   >
   > If the dialog box doesn't appear, browse to and open ***[DVD]*/CDBrowser.app** using the Finder.

2. Click **Install**.

   The installation wizard appears.

To download and start the installation wizard from the website

1. Go to smarttech.com/software, click the **Choose a version** button for the software you want to install, and then select the version of the software you want to install.
2. Click **Download**.
3. Enter the requested information, and then click **Start Download**.
4. Save the file to a temporary location.
5. Double-click the file.

   The installation wizard appears.

Using the installation wizard to install the software

To use the installation wizard to install the software

1. Start the installation wizard as described in the previous procedures.
2. Click **Continue**.
3. Read the software license agreement, and then click **Continue**.
4. If you accept the terms in the software license agreement, click **Agree**.

   OR

   If you don't accept the terms in the software license agreement, click **Disagree**.
5. Select the check box if you want to join the Customer Experience Program, and then click **Continue**.
6. Select the disk on which you want to install the software, and then click **Continue**.
7. Select the software you want to install.

   NOTE

   SMART Notebook and **SMART Product Drivers** are selected by default.
8. If you selected **SMART Notebook** in step 7, click its disclosure triangle, and then select the Gallery collections you want to install on to your computer.
9. If you selected **SMART Response** in step 7, click its disclosure triangle, and then select **Start Desktop Menu at log in** to start SMART Response software when you first log on to your computer.
10. If you selected **SMART Product Drivers** in step 7, click its disclosure triangle, and then select the appropriate check boxes:
    - **SMART Ink** to install SMART Ink

      NOTE

      If you selected **SMART Product Drivers** in step 7, the installation wizard automatically selects **SMART Ink**.
    - **Start Board Tools at log in** to start SMART Board® Tools when you first log on to your computer
    - **Start SMART Vantage Services** to start SMART Vantage™ and SNMP Agent services

11. Click **Continue**.
12. Click **Install**.

    A dialog box appears, prompting you for your name and password.
13. Type your name and password, and then click **OK**.

    The installation wizard installs the software you selected in step 7.

Using the software after installation

After installing the software, you can use it.
