Specifications
SMART Board® interactive whiteboard system
Model SB685i6

Overview
Your SMART Board 685i6 interactive whiteboard system combines the use of a SMART Board 600 series interactive whiteboard and a the SMART UF70w projector along with other accessories and optional equipment.

The SMART UF70w projector provides an ultra-bright high resolution image on a short boom delivering high definition, high performance interactivity that is virtually shadow-free and glare-free. You can do everything you can do at your computer—open and close applications, meet with others, create new documents or edit existing ones, visit websites, play and manipulate video clips and more—just by touching the interactive surface. The SB685 series interactive whiteboard is a single user one touch system that provides unmatched durability and unceasing performance under any conditions.

The SB685i6 system supports video and audio from a variety of devices, including DVD and Blu-ray® players, document cameras, and other high-definition sources, and is displayed on the interactive screen. All HDMI 1.4 inputs are HDCP compliant.
