Hardware environmental compliance

SMART Technologies supports global efforts to ensure that electronic equipment is manufactured, sold and disposed of in a safe and environmentally friendly manner.

**Waste Electrical and Electronic Equipment and Battery regulations (WEEE and Battery Directives)**
Electrical and electronic equipment and batteries contain substances that can be harmful to the environment and to human health. The crossed-out wheeled bin symbol indicates that products should be disposed of in the appropriate recycling stream and not as regular waste. See smarttech.com/compliance for more information.

**Mercury**
The lamp in this product contains mercury and must be recycled or disposed of in accordance with local, state, provincial or federal laws.
