New features

- SMART Meeting Pro software 2.3 includes support for the SMART Customer Experience program. If you choose to participate in this program, SMART Meeting Pro software sends information to SMART that helps us improve the software for future releases.

- SMART Meeting Pro software 2.3 includes improvement to the Calligraphic Ink feature.

- The SMART Language Setup utility has a new, easier-to-use interface.

- New SMART GoWire auto-launch cable features:

  - Administrators can keep their administrator settings when using the SMART GoWire Updater wizard.

  - Users can view Help files without connecting to the Internet.

Resolved issues

- SMART Meeting Pro software 2.3 resolves issues related to the Help, to monitor enumeration and to sidebar positioning.

- SMART Meeting Pro software 2.3 redesigns the crash-reporting feature.

- Resolved SMART GoWire auto-launch cable issues:

  - SMART Meeting Pro software 2.3 resolves an issue that caused SMART Meeting Pro software to stop responding if no SMART interactive product is connected to your computer and an unrelated error message appears.

  - SMART Meeting Pro software 2.3 removes an error message that appeared when you removed the SMART GoWire auto-launch cable.

  - The Aware toolbar appears in Aware-enabled applications.

Known issues

- Some text in the Organizer view hasn't been translated into languages other than English.

- Known SMART GoWire auto-launch cable issues:

  - SMART Product Drivers 10.8 on the SMART GoWire auto-launch cable disables Windows 7 multitouch features. Multitouch features work in SMART Meeting Pro software and are available in other applications that support Windows 7 multitouch when the SMART GoWire auto-launch cable isn't connected.
