

Release notes

SMART Notebook™ Interactive Viewer

About these release notes

These release notes summarize the features of SMART Notebook™ Interactive Viewer for Windows® operating systems and Mac OS X operating system software.

Product information

SMART Notebook Interactive Viewer enables you to view .notebook files on your interactive whiteboard, interactive display or computer. You can open files and interact with objects and digital ink. You can also import Interactive Whiteboard Common File Format (.iwb) files.

Using SMART Notebook Interactive Viewer, you can engage your students by viewing and interacting with SMART Notebook 11 content and Adobe® Flash® Player compatible activities.

For additional features, upgrade to SMART Notebook collaborative learning software.

SMART Notebook Interactive Viewer 2.0 summary
