Chapter 1

Welcome to SMART Notebook SE

SMART Notebook Student Edition enables students to complete assignments, take notes, manage due dates and organize digital material. Each file contains a series of pages and each page has its own objects, properties and settings. Students can add freehand objects, geometric shapes, straight lines, text, graphics, Adobe® Flash® content and tables to a page. Students can manipulate and edit these objects at any time. They can save files in a format that they can open in SMART Notebook SE or SMART Notebook.

All of the students' files appear in a binder (an electronic filing system that enables the students to sort, arrange and open files).

Students can also export files in a variety of formats and send them to others as e-mail attachments.

The Page Sorter tab displays all of the pages in the current file in thumbnail format. SMART Notebook SE automatically updates these thumbnails when the students change the contents of the pages.

Students can drag and drop clip art, backgrounds and multimedia content to pages from the Gallery. The Gallery also provides access to additional online resources.

This guide explains how to install SMART Notebook SE on a student's computer and is intended for school support staff and others responsible for this task.

Chapter 2

Installing SMART Notebook SE

You can install SMART Notebook SE using:

- The installation wizard
- Windows® Installer and the **msiexec** command line interface
- Windows Installer and SMART Install Manager

This guide covers installing SMART Notebook SE using the installation wizard. For instructions on installing the software using the other two options, see the *SMART Notebook SE System Administrator's Guide* ([document 92263](#)).

Starting the Installation Wizard

You can find the installation wizard on the SMART Notebook SE CD. You can also download the installation wizard from the SMART support site.

To start the installation wizard from the CD

1. Insert the SMART Notebook SE CD in the computer.

The *SMART Notebook Student Edition* window appears.

 **NOTE**

If the *SMART Notebook Student Edition* window doesn't appear after you insert the CD in the computer, navigate to and open the **CDBrowser.exe** file on the CD using Windows Explorer.

2. Click **Install SMART Notebook SE**.

The installation wizard appears.

To download and start the installation wizard from the SMART support site

1. In a Web browser, navigate to the following address:

<http://www2.smarttech.com/st/en-US/Support/SMARTNBSE/NBSEv1Win.htm>

2. Click the download link.
3. Review the legal statement, and then click **I Accept**.
4. Click **Download**.
5. Enter the requested information, and then click **Start download**.
6. Save the file to a temporary location on the computer.
7. Double-click the file.

The installation wizard appears.

Installing SMART Notebook SE Using the Installation Wizard

After starting the installation wizard, you can use it to configure and install SMART Notebook SE.

To install SMART Notebook SE using the installation wizard

1. Start the installation wizard (see page 3).
2. Click **Next**.
3. On the *License Agreement* page:
 - a. Review the license agreement.

TIP

If you want a hard copy of the license agreement for your school's records, click **Print**.

- b. If you accept the terms of the license agreement, click **I accept the terms in the license agreement**.
 - c. Click **Next**.
4. On the *Customer Information* page:
 - a. Type the student's user name in the **User Name** box.
 - b. Type the school's name in the **Organization** box.
 - c. Type your product key in the **Product Key** box.

NOTES

- This step is optional. If you don't provide a product key during installation, you can do so afterwards using the activation wizard (see page 6).
- You can find your product key on an insert inside the CD case. If you downloaded SMART Notebook SE from the SMART support site, you can purchase a product key from your reseller.

5 | CHAPTER 2 – INSTALLING
SMART NOTEBOOK SE

- d. Click **Anyone who uses this computer** to allow all users access to SMART Notebook SE.

OR

Click **Only for me** to allow only the current user access to SMART Notebook SE.

- e. Click **Next**.

5. On the *Destination Folder* page:

- a. If you want to install SMART Notebook SE in a different folder than the default (**C:\Program Files\SMART Technologies\SMART Notebook SE**), click **Change**, navigate to and select the folder, and then click **OK**.

- b. Click **Next**.

6. On the *My Binder Directory* page:

- a. Click **Application Data** to store binder files in the **Application Data** folder.

OR

Click **My Documents** to store binder files in the **My Documents** folder.

OR

Click **Other** to store binder files in another folder, click **Browse**, navigate to and select the folder, and then click **OK**.

- b. Click **Next**.

6 | CHAPTER 2 – INSTALLING SMART NOTEBOOK SE

7. On the *SMART Notebook SE Gallery Collections* page:
 - a. Select the gallery collections you want to include in the installation.

NOTE

If you previously installed SMART Notebook software with gallery collections on the computer, SMART Notebook SE will share the same gallery collections.

- b. Click **Next**.
8. Click **Install**.

The installation wizard installs SMART Notebook SE.
9. If you don't want to start SMART Notebook SE or take the installation survey, clear the relevant check boxes.
10. Click **Finish**.

Activating SMART Notebook SE

In step 4 of the previous procedure, you had the option of entering your product key. If you chose not to enter a product key, you can do so after installation using the activation wizard.

You can find your product key on an insert inside the CD case. If you downloaded SMART Notebook SE from the SMART support site, you can purchase a product key from your reseller.

IMPORTANT

You must enter your product key within 45 days of installing SMART Notebook SE.

To activate SMART Notebook SE

1. Start SMART Notebook SE (see page 8).
The *Evaluation Version* dialog box appears.
2. Click **Activate Product**.
3. Type the 22-character product key in the **Product Key** box, and then click **Next**.
The activation wizard validates the product key and activates SMART Notebook SE.
4. Click **Finish**.

Chapter 3

Using SMART Notebook SE

After you install SMART Notebook SE, students can start the software on their computers. They can then refer to the Help system to learn more about using the application.

Starting SMART Notebook SE

To start SMART Notebook SE

Double-click the **SMART Notebook SE** icon on the desktop.

OR

Select **Start > All Programs > SMART Technologies > SMART Notebook SE > SMART Notebook SE**.

Viewing the SMART Notebook SE Help

For information on using SMART Notebook SE, see the Help.

To view the SMART Notebook SE Help

Select **Help > Contents**.

OR

Hover the pointer over a dialog box, button or menu option and press F1.
