About SMART Notebook SE for PDAs

With SMART Notebook SE, you can take notes on your Microsoft® Windows Mobile™ personal digital assistant (PDA) or smart phone:

NOTE: The remainder of this guide refers to PDAs and smart phones as 'PDAs'.

SMART Notebook SE uses the same file format as SMART Notebook, the collaborative learning software for SMART Board™ interactive whiteboards and other SMART products. Therefore, you can open and work with files created for your class's SMART product on your PDA with SMART Notebook SE.

This guide explains how to install and update SMART Notebook SE on your PDA. For information on using SMART Notebook SE on your PDA, see [document 128024](#).

Installing SMART Notebook SE

There are two ways to install SMART Notebook SE on your PDA:

- Download and run an executable (.exe) file on a computer connected to your PDA.
- Download a cabinet (.cab) file and then upload and run it on your PDA.

NOTES

- To install SMART Notebook SE on your PDA, you need a computer with Internet access and Microsoft® ActiveSync® 4.5 software, which you can download from the [Microsoft website](#).
- SMART Notebook SE for PDAs requires Microsoft .NET CF 2.0. The executable file installs .NET CF 2.0 automatically, but the cabinet file does not. Therefore, if you are installing SMART Notebook SE from the cabinet file, you need to download .NET CF 2.0 from the [Microsoft website](#) and install it first.

To install SMART Notebook SE using the executable file

1. On a computer with Internet access and ActiveSync software, download the latest version of the SMART Notebook SE executable file from www.smarttech.com/downloads.
2. Connect your PDA to the computer.
ActiveSync software starts and synchronizes the computer and your PDA.
3. Double-click the executable file you downloaded in step 1.
The *SMART Notebook SE* wizard appears.
4. Click **Next**.
5. Review the licence agreement, select the **I accept the terms in the license agreement** option, and then click **Next**.
6. Click **Install**.
SMART Notebook SE installs on your computer, and a message appears asking you to refer to your PDA.
7. Click **OK**, and then click **Finish**.
A message appears on your PDA asking if you want to install the SMART Notebook SE cabinet file.
8. On your PDA, press **Yes**.
SMART Notebook SE installs on your PDA, and a message appears asking you to restart.
9. Press **Ok**.
Your PDA restarts.

To install SMART Notebook SE using the cabinet file

1. On a computer with Internet access and ActiveSync software, download the latest version of the SMART Notebook SE cabinet file from www.smarttech.com/downloads.
2. Connect your PDA to the computer.
ActiveSync software starts and synchronizes the computer and your PDA.
3. Using ActiveSync software, upload the cabinet file to your PDA.
4. On your PDA, open File Explorer and navigate to the location of the cabinet file.
5. Press the cabinet file.
SMART Notebook SE installs, and a confirmation message appears.
6. Press **ok**.

Updating SMART Notebook SE

As with installing SMART Notebook SE, there are two ways to update SMART Notebook SE:

- Download and run an executable (.exe) file on a computer connected to your PDA.
- Download a cabinet (.cab) file and then upload and run it on your PDA.

NOTE: To update SMART Notebook SE on your PDA, you need a computer with Internet access and Microsoft® ActiveSync® 4.5 software, which you can download from the [Microsoft website](#).

To update SMART Notebook SE using the executable file

1. On a computer with Internet access and ActiveSync software, download the latest version of the SMART Notebook SE executable file from www.smarttech.com/downloads.
2. Connect your PDA to the computer.
ActiveSync software starts and synchronizes the computer and your PDA.
3. Double-click the executable file you downloaded in step 1.
A message appears stating that the wizard will update SMART Notebook SE to the latest version and asking if you want to continue.
4. Click **Yes**.
The *SMART Notebook SE* wizard appears.
5. Click **Next**.
A message appears asking if you want to remove the current version of SMART Notebook SE and replace it with the new version.
6. Click **Yes**.
A message appears asking if you want to remove the current version of .NET CF 2.0 and replace it with the new version.
7. Click **Yes**.
SMART Notebook SE installs on your computer, and a message appears asking you to refer to your PDA.
8. Click **OK**, and then click **Finish**.
A message appears on your PDA asking if you want to remove the current version of .NET CF 2.0 and replace it with the new version.
9. On your PDA, press **OK**.
NOTE: If a message appears on your PDA asking if you want to install the SMART Notebook SE cabinet file, press **Yes**.
A message appears asking if you want to remove the current version of SMART Notebook SE and replace it with the new version.
10. Press **OK**.
SMART Notebook SE installs on your PDA, and a message appears asking you to restart.
11. Press **Ok**.
Your PDA restarts.

To update SMART Notebook SE using the cabinet file

1. On a computer with Internet access and ActiveSync software, download the latest version of the SMART Notebook SE cabinet file from www.smarttech.com/downloads.
2. Connect your PDA to the computer.
ActiveSync software starts and synchronizes the computer and your PDA.
3. Using ActiveSync software, upload the cabinet file to your PDA.
4. On your PDA, open File Explorer and navigate to the location of the cabinet file.
5. Press the cabinet file.
A message appears asking if you want to remove the current version of SMART Notebook SE and replace it with the new version.
6. Press **OK**.
SMART Notebook SE installs on your PDA, and a confirmation message appears.
7. Press **ok**.
