INSPIRING CLASSROOM EXPERIENCES

SMART is a world leader in technology for education. Over 30 years of innovation has culminated in interactive displays and software that connect students, lesson content and devices into unified learning experiences. We elevate learning outcomes with intuitive technology that is purpose built for education.

ELEVATE LEARNING OUTCOMES

Encourage students to connect
Social Emotional Learning
Students must develop soft skills to succeed in our connected world. With SMART solutions, it’s easy for everyone to contribute and collaborate.

Reach every learner
Cognitive Skills & Achievement
Teachers need to easily shift their approaches to match students’ individual learning needs. SMART solutions make interactive lessons simple and quick.

Make learning personal
Realizing Potential
Students succeed when they’re given the freedom to learn their own way and at their own pace. SMART solutions support student-centered learning.
SMART LEARNING SUITE SOFTWARE
Turn static content into interactive lessons

SMART Learning Suite combines lesson delivery, collaborative workspaces, game-based activities and formative assessment in one ultimate education suite. Teachers can access the suite anytime, from any computer – including at home – and send lessons to student devices.

One software suite. Countless ways to create and deliver lessons.

Interactive lessons
Teachers can quickly and easily create dynamic, interactive lessons and deliver them at the display.

Collaborative workspaces
Students can use any device to explore topics, gather content and co-create on an inspiring canvas.

Game-based activities
Teachers can use customized templates to create game-based activities that engage students.

Formative assessment
Teachers can instantly assess student understanding by creating a question set that learners answer on any device.

Desktop experience
Available for Windows® or Mac®, SMART Notebook® comes with lesson creation tools, subject-specific features and endless ways to wow students.

Online experience
Teachers can add game-based and collaborative activities to SMART Notebook, PDF, PowerPoint® and Google files, and send lessons to student devices.
## SMART BOARD® INTERACTIVE DISPLAYS
Unparalleled collaborative experience

### FREE Learning Software Included
- SMART Notebook basic version
- BONUS 1-year SMART Learning Suite

### Additional Features

- **iQ Android™ embedded computing** lets teachers switch with a tap, from delivering a lesson to writing on a whiteboard to surfing the internet.
- **SMART Ink® software** lets teachers write over videos and into PDFs, Microsoft Office® and Google files and websites, then save notes into almost any file type.
- **ToolSense™ technology** enables students to manipulate real world objects that are automatically recognized by the display.
- **SMART Podium™ 624** Illustrate concepts. Take notes. Project to large displays.
- **SMART Document Camera™** Interact with live images and videos.
- **SMART Electric Height-Adjustable Stands** Create active learning spaces anywhere.
- **SMART Assure warranty term** Includes a comprehensive warranty and support program.
- **Computing modules** Connect a SMART Chromebox or add a SMART OPS PC with Windows® 10 Pro.
- **Simultaneous Tool Differentiation** frees multiple students to write, erase and move notes at the same time.
- **Object awareness™ detection** automatically makes pens write, fingers move and palms erase.
- **Pen ID™ recognition** lets multiple students write with different colored ink at the same time.

---

**Unparalleled collaborative experience**

**More SMART solutions for amplifying learning**

- **Computing modules** Connect a SMART Chromebox or add a SMART OPS PC with Windows® 10 Pro.
- **SMART Document Camera™** Interact with live images and videos.

- **SMART Electric Height-Adjustable Stands** Create active learning spaces anywhere.
GET THE MOST OUT OF
YOUR SMART SOLUTION

Don’t just give teachers great tools. Empower them with new ways to reach and inspire students.

With SMART, teachers get free, unlimited access to on-demand online training, live webinars, classroom resources and professional learning networks.

ONLy WITH SMART

We act on our commitment to technology-driven learning outcomes through:

• Performing hundreds of hours of design research with teachers and students every year
• Designing and manufacturing solutions specifically for education
• Supporting a global network of over 2,000 teachers
• Partnering with districts to create and carry out needs-based implementation plans
• Focusing all training and professional learning on instructional practices and how teachers can extend them with technology
• Engaging in research into EdTech best practices
• Documenting the measurable results of schools driving outcomes with technology

Whatever learning outcomes you need to achieve – test scores, SEL, career readiness and teacher satisfaction – we’re committed to helping you get there.

HELP TEACHERS
MASTER MORE WAYS TO ENGAGE.

Training and Implementation Services

Training and Professional Learning
Empower every teacher to use technology to put students at the center with a range of professional learning options to suit every budget.

Efficacy and Implementation Planning
Build capacity, achieve scale and show the results of your implementation with the help of consultants who specialize in integrating teaching practices, technology and curriculum.

Schools are 342% more likely to achieve outstanding success when using teaching best practices and technology frequently.
