About This Document

The VPAT is provided in four editions based on the guidelines/standards being evaluated. The editions are WCAG, revised 508, EN 301 549 and International that includes all of the standards.

This is the Revised Section 508 edition of the VPAT. It includes the following standards/guidelines.

- Web Content Accessibility Guidelines 2.1, at https://kma.global/wpcontent/uploads/2019/07/WCAG_2.1_Checklist.pdf
- [Revised Section 508 standards](#) as published by the U.S. Access Board in the Federal Register on January 18, 2017, including the [Corrections to the ICT Final Rule](#) as published by the US Access Board in the Federal Register on January 22, 2018

If you need a different combination of standards/guidelines then use the appropriate alternate edition of the VPAT found on <https://www.itic.org/policy/accessibility/vpat>.

This document is broken into two main sections:

- Essential Requirements and Best Practices for using the VPAT® to complete an Accessibility Conformance Report.
- VPAT Report.

Please carefully review the Essential Requirements and Best Practices sections before using the VPAT to create an Accessibility Conformance Report.

“Voluntary Product Accessibility Template” and “VPAT,” including the template format, are Federally Registered Service Marks of the Information Technology Industry Council (ITI). VPAT users agree not to deviate materially from the template format provided by ITI, and to use the service mark (“®”) where appropriate.

**SMART Technologies Corporation Accessibility Conformance
Report
Section 508 Edition
VPAT® Version 2.4 – February 2020**

Name of Product/Version: Smart Document Camera 650 (Model SDC 650)

Product Description: Hardware with camera and built in microphone

Date: July 30, 2021

Contact information: Charles Robison (Sr. Manager, Product Management)-
charlesrobison@smarttech.com

Evaluation Methods Used: Hardware testing is performed on document camera, by third party, based on the hardware testing accessibility guide.

Applicable Standards/Guidelines: Section 508 - Hardware Table (other standards do not apply and have been removed)

This report covers the degree of conformance for the following accessibility standard/guidelines:

Standard/Guideline	Included In Report
Web Content Accessibility Guidelines 2.1, at https://kma.global/wp-content/uploads/2019/07/WCAG_2.1_Checklist.pdf	Level A (No) Level AA (No) Level AAA (No)
Revised Section 508 standards as published by the U.S. Access Board in the Federal Register on January 18, 2017 Corrections to the ICT Final Rule as published by the US Access Board in the Federal Register on January 22, 2018	(Yes)

Terms

The terms used in the Conformance Level information are defined as follows:

- **Supports:** The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.
- **Partially Supports:** Some functionality of the product does not meet the criterion.
- **Does Not Support:** The majority of product functionality does not meet the criterion.
- **Not Applicable:** The criterion is not relevant to the product.
- **Not Evaluated:** The product has not been evaluated against the criterion. This can be used only in WCAG 2.1 Level AAA.

WCAG 2.1 Report

Tables 1 and 2 also document conformance with:

- Chapter 4 - Hardware

Note: When reporting on conformance with the WCAG 2.1 Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the [WCAG 2.1 Conformance Requirements](#).

Revised Section 508 Report of the Rehabilitation Act

Chapter 4: Hardware

Criteria	Conformance Level	Remarks and Explanations
402 Closed Functionality		
402.1 General	Supports	The product can be used as a standalone device without requiring the user to install any assistive technology.
402.2 Speech-Output Enabled	Not Applicable	The product does not have a display screen and speech enablement is not part of the product.
402.2.1 Information Displayed On-Screen	Not applicable	The product does not have a display screen and speech enablement is not part of the product.
402.2.2 Transactional Outputs	Not applicable	The product does not participate in any kind of transactions.
402.2.3 Speech Delivery Type and Coordination	Not applicable	The product does not have a display screen and speech enablement is not part of the product.
402.2.4 User Control	Partially Supports	Using the control panel or remote control the feature is partially supported.
402.2.5 Braille Instructions	Supports	The User's Guide is currently available in softcopy (PDF) from SMART's Web site. FAQs, tips and troubleshooting are also available in PDF form from SMART's Web site. Braille and large-print versions of the SMART Board User's Guide are also available upon request.

402.3 Volume		
402.3.1 Private Listening	Not applicable	The product does not provide any listening option.
402.3.2 Non-private Listening	Not applicable	The product does not provide any listening option.
402.4 Characters on Display Screens	Not applicable	The product does not have a display screen.
402.5 Characters on Variable Message Signs	Not applicable	The product does not have a display screen.
403 Biometrics		
403.1 General	Not applicable	Biometrics are not required from the user to allow access to the product
404 Preservation of Information Provided for Accessibility		
404.1 General	Not applicable	The product does not have a display screen.
405 Privacy		
405.1 General	Supports	Product exchanges data with the user laptop Via a secured peer to peer Wi-Fi connection or a USB cable.
406 Standard Connections		
406.1 General	Supports	Product comes with a USB-A to USB mini B cable and a Wi-Fi dongle for peer to peer connectivity and HDMI-IN and HDMI-OUT ports and have the capabilities of saving the captured pictures and video to the USB.

407 Operable Parts		
407.2 Contrast	Supports	Buttons present on the product and on the remote controller are marked with white colour on dark background.
407.3 Input Controls		
407.3.1 Tactilely Discernible	Supports	Buttons present on the product and the remote controller are raised from their background and are tactically discernible by touch.
407.3.2 Alphabetic Keys	Not applicable	No external keyboard is provided with the product.
407.3.3 Numeric Keys	Not applicable	No external keyboard with number pad is provided with the product.
407.4 Key Repeat	Not applicable	The product does not include an external keyboard.
407.5 Timed Response	Not applicable	The product does not have a feature.
407.6 Operation	Supports	The product is easily operable with one hand and does not require tight grasping, pinching, or twisting of the wrist.
407.7 Tickets, Fare Cards, and Key cards	Not applicable	Tickets, fare cards, or key cards are not applicable to this product.
407.8 Reach Height and Depth		
407.8.1 Vertical Reference Plane	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.

407.8.1.1 Vertical Plane for Side Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.
407.8.1.2 Vertical Plane for Forward Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.
407.8.2 Side Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.
407.8.2.1 Unobstructed Side Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.
407.8.2.2 Obstructed Side Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.
407.8.3 Forward Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.
407.8.3.1 Unobstructed Forward Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.

407.8.3.2 Obstructed Forward Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.
407.8.3.2.1 Operable Part Height for ICT with Obstructed Forward Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.
407.8.3.2.2 Knee and Toe Space under ICT with Obstructed Forward Reach	Supports	The product can be placed on a smooth surface and the height and angle on the document camera can be adjusted using the flexible camera arm. The product supports this requirement with proper installation.
408 Display Screens		
408.2 Visibility	Not Applicable	The product does not have a display screen.
408.3 Flashing	Not Applicable	The product does not have a display screen.
409 Status Indicators		
409.1 General	Supports	Blue coloured LED indicator present on the product notifies the active/inactive state of the Wi-Fi. Green indication lights present on the side edge of the product notifies the user about the battery status of the product. The product uses a beep sound to indicate any change in status quo of the product.
410 Colour Coding		
410.1 General	Supports	Buttons present on the product and the remote controller have distinct symbols along with the functions written next to the buttons.

411 Audible Signals		
411.1 General	Supports	The product operates with a laptop or smartboard. Any errors/prompts are displayed on the devices attached with the product.
412 ICT with Two-Way Voice Communication		
412.2 Volume Gain		
412.2.1 Volume Gain for Wireline Telephones	Not applicable	The device does not support wireline telephones.
412.2.2 Volume Gain for Non-Wireline ICT	Not applicable	Product does not have this feature.
412.3 Interference Reduction and Magnetic Coupling		
412.3.1 Wireless Handsets	Not applicable	The product is not a wireless handset.
412.3.2 Wireline Handsets	Not applicable	The product is not a fixed line communication device i.e. it is not a wireline handset.
412.4 Digital Encoding of Speech	Not applicable	Product does not have this feature.
412.5 Real-Time Text Functionality	Not applicable	Product does not have this feature.
412.6 Caller ID	Not applicable	Product does not have visible and audible telecommunication functions.
412.7 Video Communication	Partially supports	When the device is connected to an external monitor it does displays in real time.
412.8 Legacy TTY Support		

412.8.1 TTY Connect ability	Not applicable	Product is not a telecommunication device and does not provide a function allowing voice communication.
412.8.2 Voice and Hearing Carry Over	Not applicable	Product is not a telecommunication device and does not provide a function allowing voice communication.
412.8.3 Signal Compatibility	Not applicable	Product is not a telecommunication device.
412.8.4 Voice Mail and Other Messaging Systems	Not applicable	Product is not a telecommunication device.
413 Closed Caption Processing Technologies		
413.1.1 Decoding and Display of Closed Captions	Not applicable	Product does not have this feature.
413.1.2 Pass-Through of Closed Caption Data	Not applicable	Product does not have this feature.
414 Audio Description Processing Technologies		
414.1.1 Digital Television Tuners	Not applicable	Product does not have this feature.
414.1.2 Other ICT	Not applicable	Product does not have this feature.
415 User Controls for Captions and Audio Descriptions		
415.1.1 Caption Controls	Not applicable	Product does not have this feature.
415.1.2 Audio Description Controls	Not applicable	Product does not have this feature.

Disclaimer of Warranties and Limitation of Liability

Third-party content is the sole responsibility of the person originating that content. You agree that we do not control and are not responsible in any way for third-party content, including, without limitation, a failure on the part of the participant to obtain the requisite consents in order to share any personally identifiable information. SMART warrants to you that the software, when properly installed and used, shall operate in substantial accordance with our published specifications for a period of ninety (90) days from the date of purchase. Subject to entitlements under a maintenance program (if any), you assume the entire cost of all necessary upgrades, servicing, repairs or correction of the software. SMART's sole obligation under this limited warranty shall be, at SMART's option and expense, to either: a) refund the purchase price paid by you for the defective software; or b) to replace the defective software with software that substantially conforms to applicable SMART published specifications. Any replacement software will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer.

OTHER THAN THE LIMITED WARRANTY AS STATED ABOVE, THE PRODUCT IS PROVIDED "AS-IS" AND ITS USE IS AT YOUR OWN RISK. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, SMART AND ITS SUPPLIERS, LICENSORS, DISTRIBUTORS AND RESELLERS DISCLAIM ALL WARRANTIES AND CONDITIONS, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, QUIET ENJOYMENT AND NONINFRINGEMENT WITH REGARD TO SMART PRODUCTS AND ANY COMPONENT THEREOF, AND THE PROVISION OF OR FAILURE TO PROVIDE SUPPORT SERVICES. SMART DOES NOT WARRANT THAT THE OPERATION OF THE PRODUCT IS OR WILL BE INTERRUPTION FREE, DEFECT FREE OR WILL MEET YOUR NEEDS.

To the maximum extent permitted by applicable law, in no event shall SMART or its suppliers, licensors, resellers or distributors be liable for any special, incidental, indirect, exemplary, consequential or punitive damages whatsoever (including, without limitation, damages for any injury to any person or property, damages for loss of profits, business interruption, loss of business information, loss of privacy, damages for procurement of substitute goods or services, damages for loss of use, loss of data, damages for failure to meet any duty including the duties of good faith or of reasonable care, for negligence or any other pecuniary loss) arising out of the use of or inability to use the software or any component thereof or the provision of or failure to provide

support services, whether based on contract, tort, negligence, strict liability or otherwise, even if SMART or its suppliers, licensors, resellers or distributors have been advised of the possibility of such damages. IN ANY CASE, SMART'S ENTIRE LIABILITY UNDER THIS AGREEMENT SHALL NOT EXCEED TEN CANADIAN DOLLARS (\$10.00).
