

Getting Started with Meeting Pro

Frequently Asked Questions

1 What is SMART Meeting Pro?

SMART® Meeting Pro software is an **easy-to-use** whiteboard application to **enhance** your experience with your interactive display and your connected device. **Meeting Pro** makes it easy to conduct business with a variety of features and interactive tools to share information and collaborate with co-workers.

- **Conduct brainstorming sessions** with the help of built-in charts, tables, mind maps, and other visual aids.
- **Enhance meetings** by easily sharing information, scheduling meetings in advance, or having impromptu meetings as necessary in a formal or informal manner.
- **Present** slide shows and important visual aids in an effective, interactive way for all participants.

2 Is SMART Meeting Pro included with my display?

Yes. When you purchase a SMART display, you receive:

- **one room license**
- **ten personal licenses**

3 Do I have to pay for renewal cost each year?

No. There is no renewal cost for your SMART Meeting Pro software licenses.

4 What are the differences between a room license and personal license of SMART Meeting Pro?

- **SMART Meeting Pro room** licenses are typically deployed to meeting room computers connected to SMART interactive products.
- **SMART Meeting Pro personal** licenses are deployed to personal computers or laptops.
