

# SMART Meeting Pro<sup>™</sup> PE (Personal Edition)

### **User Interface**

# **Object Tools**

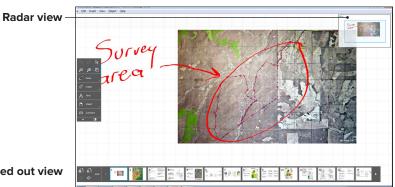

## The Unbound Workspace

The unbound workspace of Meeting Pro Personal Edition enables you to collaborate with content and interact with high resolution images. This is useful when working with large maps, design reviews, or engineering schematics.

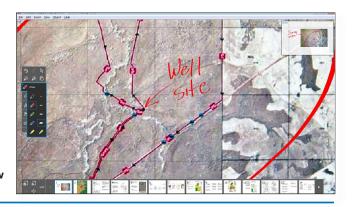

To navigate the unbound workspace, click Pan on the toolbar. You can also zoom in and out as far as you want by clicking the Zoom tool, or using the scroll wheel on your mouse.

#### **Radar View**

The radar view is in the top right corner of the whiteboard. You can use the radar view to help you navigate the unbound workspace.
