## Secure collaboration, successful execution:

### Meet your way

Host and join meetings using on-premises video conferencing or external meeting solutions.

### Ink efficiently

SMART Ink desktop annotation software enables participants to directly annotate into PDF and Microsoft Office files without clunky overlays or app switching.

### Enjoy free SMART software

Compatible with optional SMART Meeting Pro software.

### Trust in TAA and NDAA

TAA- and NDAA-compliant products meet secure US trade regulations and ensure products don't use prohibited components.

### Keep privacy a priority

No embedded software, microphone, Wi-Fi, Bluetooth, or pass-through on memory storage devices, so your briefings remain secure and your team can add trusted equipment where necessary.

### Interact without interference

Only SMART displays allow multiple users to simultaneously write, erase, and move objects on the display without interfering with each other's work.

### Write like a pen on paper

Enjoy up to 40 touchpoints with pens, fingers, and erasers. Experience a smooth and accurate inking experience within any app on your laptop.

### Make decisions with clarity

Sharper, brighter, and high-contrast visuals thanks to a 4K UHD LED display.

### Hear every detail

A pair of powerful speakers provides up to 40 W of crisp audio.

### Set up with no fuss

Supports multiple HDMI, USB-C, USB-B, USB-A, and VGA ports.

### Bring stability to your solution

Also compatible with our TAA-compliant adjustable electronic stand (not included).
