

SMART TeamWorks™

Say hello to the ultimate meeting hub that simplifies your meeting experience.

With SMART TeamWorks, you can schedule, launch, and access any meeting with one touch and from one central place, no matter what meeting platform your teams use.

Collaborate seamlessly with screen sharing, file sharing, and workspace collaboration available to all participants, whether in-person or remote. Say goodbye to confusing technology and hello to easy and enjoyable meetings where you can focus on the content that matters most.

Launch meetings faster

Launch meetings with one touch from the home screen on the most popular conferencing platforms such as Microsoft Teams, Zoom, Google Meet, Webex and more.

Collaborate and share

Wirelessly screencast up to 8 devices with native Airplay, Google Cast and Miracast. Share content remotely and increase collaboration with mark-up capabilities on shared screens.

Leverage dynamic content

Add and interact with dynamic content in a collaborative workspace. Draw and work with multiple objects including images, PDFs, Microsoft Office files, sticky notes and more.

Streamline Remote Management

With the SMART TeamWorks Admin Portal you can update SMART TeamWorks Room within minutes and remotely manage licenses, settings, and room hardware.

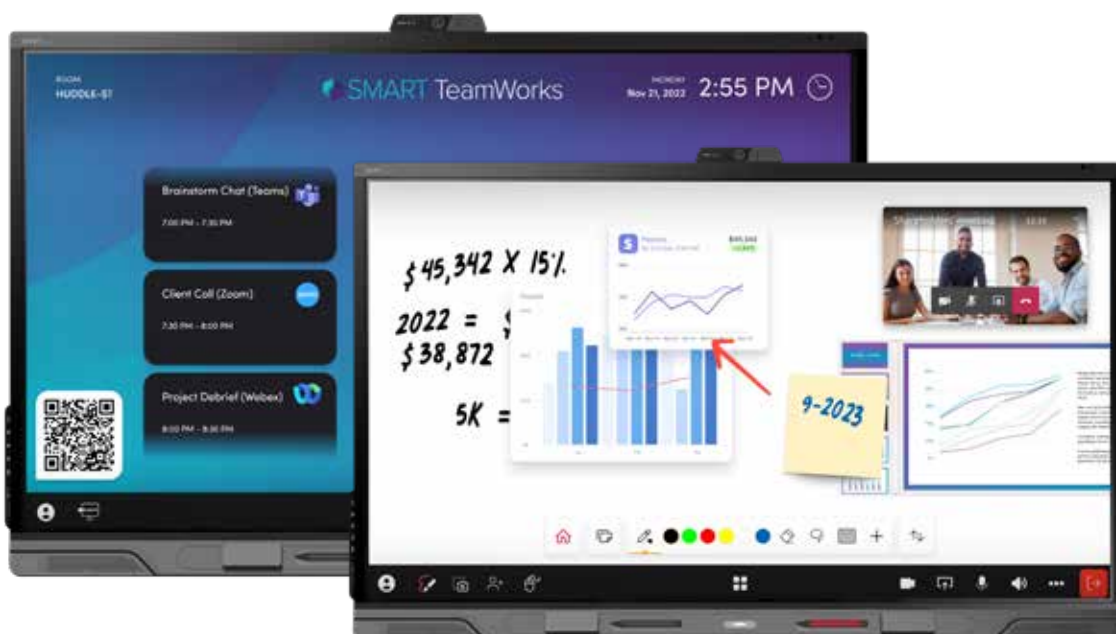

Bring your device

Access your OneDrive, Google Drive and Dropbox files and personal calendar directly from SMART TeamWorks by simply scanning a QR code.

Save and share your work

After a meeting, save your workspace to your SMART TeamWorks app or save and share a PDF recap with meeting participants.

SMART TeamWorks Room & FREE SMART TeamWorks Apps include:

Application Launcher: Use your meeting room computer for more than just web conferencing and quickly access company-supported apps you need during meetings.

Wireless Screen Sharing: Share your screen using Apple AirPlay, Google Cast and Miracast. Or share your screen through a web browser without needing to install any additional apps.

QR Code Quick-Join for Apps: Join meetings or workspaces instantly and effortlessly using your device camera, removing the need to manually sign into meeting room computers.

Highly Collaborative Workspace: Make meetings more interactive through annotating, highlighting, drawing or writing on virtually any displayed content, website or document.

SMART TeamWorks Admin Portal Management: Monitor your meeting room's state and peripheral usage to ensure your teams are effective and have the tools they need to be productive.
