## Explore what's possible

Built to evolve around your needs with market-leading ease of use, the RX series is the only interactive display that offers user-programmable tools to help you support inclusive classrooms.

### Blend physical and digital worlds

Turn static lessons into immersive learning experiences with SMART's Tool Explorer technology for a participatory learning journey like no other.

### Delivering true multi-user interactivity

Let your students write, erase, touch, and gesture at the same time without interfering with one another's tool choices for a truly collaborative experience – only with SMART.

### Security meets convenience

With NFC and QR-based sign-in options, say hello to a secure, convenient login and enjoy a personalised user experience with direct access to your cloud storage.

## Android 13 made SMART

Easier workflows for educators, a feature-rich whiteboard, built-in tools and resources, and student device integration – all designed to save you time and offer a personalised user experience.

iQ puts everything teachers need to confidently teach at their fingertips, regardless of their tech comfort level.

## The “walk up and teach” whiteboard

Make the most out of every lesson without overwhelming prep:

- ✔ Engage students with built-in digital manipulatives, graphic organisers, embedded image/video search, and more
- ✔ Import multi-page PDFs effortlessly
- ✔ Increase engagement with exit tickets such as whole-class polling and a whole-class whiteboard

## Intuitive connected computer experience

Say farewell to frustrating interruptions and enjoy a fluid, uninterrupted teaching experience with your connected device. Only SMART Ink lets you annotate across applications, browsers, and connected video sources and save them directly into PDFs and Microsoft Office files.
