SMART[®]

SMART Notebook

Developed through decades of education expertise, SMART Notebook offers teachers an easy way to build lessons they can deliver on their interactive displays to encourage active learning. SMART Notebook enables hands-on learning in a digital environment no matter what you're teaching, increasing student engagement and knowledge retention.

- ✔ Packed with interactive teaching tools for any year group and subject level – maths, sciences, humanities, and more
- ✔ Tools to help focus student attention like spotlight, screen shade, and Magic Pen with disappearing ink
- ✔ Simple and intuitive design for Mac and Windows
- ✔ Seamless integration with SMART Ink to extend your teaching tools anywhere you need them
- ✔ Thousands of free, ready-made and searchable lesson resources on SMART Exchange

SMART Ink

Superior digital ink that behaves how you expect – and doesn't interfere with your teaching. Only SMART Ink desktop software lets you write and navigate at the same time without frustrating overlays, with ink that stays in where you put it until you come back to it. It really is as easy as putting pen to paper.

- ✔ No overlays – write and navigate at the same time
- ✔ Intelligent activation – just pick up a pen and write
- ✔ Write, move, resize, and use ink-to-text in any application
- ✔ Save your work with multiple capture options

Technology designed for the long haul

SMART quality

Our Accelerated Life Testing minimises product failures, cutting e-waste and CO₂ emissions from unnecessary replacements.

Warranty

Your display is protected from the get-go, with perks like advanced replacement, 2-way shipping, and on-site service for eligible users.*

Security and privacy

Privacy is our default policy! Enjoy all the interactive features worry-free with our built-in security features.

Training

Empower educators with onboarding support and access to training and professional learning – so they can focus on what matters most.

Sustainability

We use minimal materials in our packaging and optimise it to fit 30% more products in containers, slashing carbon emissions.
