

THE GAME CHANGER

Value and capability other brands just can't touch, with ultimate upgradability.

55" | 65" | 75" | 86"

Android 11
embedded computing

**Included learning
software:**

SMART Notebook
SMART Ink
iQ Whiteboard

The world leader in interactive technology.

Technology your students won't hesitate to put their hands on. SMART gives you **the ONLY displays with true multi-user support** for interactivity, and unrestricted erasing.

Powered by iQ: Android 11 made SMART.

Powerful, secure and upgradable. Our purpose built and easy-to-use OS built on Android 11 is packed with resources and tools specifically for education.

Intelligent Inking - everywhere.

Stop writing on digital plastic-wrap. Only SMART Ink gives you fully integrated digital ink for Windows and Mac OS - with no overlays.

Exciting new ways to connect with student devices

Get so much more than screen sharing when you use student devices with a SMART display. We've built free tools specifically for the classroom to level up your device integration.

Experience true multi-user

Touch technology

Make room for everyone with the only touch technology on the market to let your students write, erase, touch and gesture at the same time, across platforms and applications, without interfering with another user's tool choices.

20 continuous touch points, plus:

Continuous pen touch and eraser differentiation

- 2 pens
- Palm erase
- Zero-bonded glass*
- NEW in MX-V4:

Faster, more accurate inking
Wi-Fi 6
Bluetooth 5.2

Built to last

Packed with future-facing technology specifications to support the greatest ease of use, longevity, and the widest variety of implementation needs.

- Microphone Array
- Integrates with SMART UHD webcam
- 4K Ultra HD, LED 50,000 hrs
- Android 11
- Ambient light sensors

100% renewable energy used in assembly

Superior inking that doesn't interfere with teaching

Just pick up your pen and write. Only SMART Ink lets you navigate freely and jump between programs, files and web-browsers without losing what you wrote, and no pesky overlay mode to interrupt you.

The SMART MX series intuitively recognizes what tool you're using, and is smart enough to maintain your pen choice across files and apps, making it effortless for teachers and students to transition between programs.

- Illuminated central home button
- USB-C - 65W & 15W
- 2x 20W Speakers*
- NFC Reader

Make meaning out of mistakes with Unrestricted erasing

The freedom to experiment and take chances is a key element of truly effective learning environments. The MX series' interactive technology frees up the eraser to be used at any time—even while other students are writing and interacting.

So, go ahead. Take a stab at that word problem or attempt to draw your idea in front of the class. With SMART, the only thing that's permanent is learning that's connected and engaging.

*20W speakers and zero-bonded glass not available in 55" model

Powered by iQ means easy and engaging

iQ computing means easier workflows for educators, a whiteboard app and tools designed for education, and a curated app store—all kept secure with customizable user profiles. Everything teachers need to confidently teach is at their fingertips, regardless of their tech comfort level.

iQ at a glance

-  Built on Android 11
-  NFC sign-in
 - Up to 20 self-serve profiles
 - Powered by Google & Microsoft
 - Lock screen
-  Personalized quick-launch home screen
-  Cloud storage access
- Multi-app split screen mode
-  App store & featured web apps
 - Including G-Suite and Microsoft Office apps

Get more from your student devices— in and out of the classroom

This is so much more than screen sharing. SMART displays with iQ allow for whole-class participation, truly active learning and a level of student collaboration that you just haven't seen before.

- Broadcast live whiteboard to unlimited* devices
- Collaborative student tools
 - 2-way annotation
 - Ink and text tools
 - Move and resize objects
 - Student attribution

The “walk up and teach” whiteboard

Built-in content and activities make it easy for teachers to add interactivity and engagement on the fly—even if they've never used a SMART Board.

- Import multi-page PDFs in as little as 3 clicks
- Markup web browser or apps, import, and keep editing!

Built-in teaching tools for any subject:

- Integrated video and image search
- Graphic organizers
- Digital manipulatives & interactive backgrounds
- Collaboration activities for student devices
- Freeform & categorized brainstorming
- Measurement tools
- Classroom tools like timers and spinners

40+ Students connected to display*

Tech that stays in your classroom (and out of the landfill)

SMART displays are designed to last longer, save you energy and support your road to net zero. Exceptional energy efficiency and a full range of adjustable settings allow users to reduce power consumption, lowering both your operating costs and your carbon footprint.

SMART displays have a seriously long lifespan

Over-the-air updates, upgradable computing modules and fewer product replacements result in less e-waste. SMART's rigorous Accelerated Life Testing, which includes extreme temperature, humidity, and voltage testing, helps maximize product lifespan and minimize hardware replacement.

Shipping and packaging that's recyclable and fuel-efficient

Minimize the carbon footprint of your technology purchase. Enjoy peace of mind knowing your SMART display comes in recyclable packaging that has been optimized and redesigned to fit up to 30% more products into shipping containers. Now that's a shift you can feel good about.

An ethically-sourced supply chain, from top to bottom

SMART is committed to sourcing components and materials for your technology from companies that meet our high standards for human rights, ethics, and environmental responsibility. SMART diligently evaluates and audits direct suppliers on their commitment to becoming conflict-free.

The details that make a difference with energy

ENERGY STAR® certified and EcoDesign compliant
Energy-saving features:

Energy-saving features:

Ambient light sensors adjust brightness for your environment

User-adjustable sleep timing and power saving settings

Upgradable OS via embedded computing modules

Automatic OTA updates

- Android 11 & security updates
- New features & functionality

Exceptional privacy and security

At SMART, customer data safety comes first. SMART customers enjoy safe, secure and worry-free data protection.

The SMART security approach:

SMART-developed iQ embedded computing lets us purpose-build your technology on Android 11, with the highest security standards.

Featuring:

- Technical security walls built to mitigate security threats to standard Android devices
- Automatic OTA security patches and updates
- User profiles leverage Google & Microsoft for secure, self-serve authentication
- Support for security certificates for authenticating and accessing networks
- Feature lock-down (via SMART Remote Management)

Customer privacy comes first:

Trusted data storage and processing:

- Customer data is hosted using best-in-class Amazon Web Services and Google Cloud data centers.

GDPR compliant +

- Compliant with all local and federal legislation.

Own your data:

- Data privacy, and safe, secure and worry-free data protection policies and procedures are a top priority at SMART. For more information, visit smarttech.com/privacy.

Easy to adopt & maintain

An experienced, in-house global technical support team and industry-leading warranty with SMART Assure means your SMART Interactive displays with iQ include the robust, easy-to-access support you deserve.

SMART displays are easy to maintain. Here's how:

SMART Assure warranty includes:

- Up to 7 years coverage
- Advanced replacement
- Onsite replacement support*
- 2-way shipping
- Real-time technical support
- Customer support teams around the globe

* Available in North America, UK & Ireland, Austria, Germany, Switzerland, Belgium, the Netherlands, Luxembourg, Australia & New Zealand

SMART Remote Management software:

Save time and admin costs. **Manage and secure groups of displays from a central location** with robust device management software, including app installations, certificates and more.

Full-featured software subscription included **free** for the length of your warranty.

SMART displays are easy to adopt. Here's why:

- Hands-off day one administration - Google & Microsoft SSO for profiles and multi-user support
- Out-of-the-box ease of use for any teacher – no setup or training required.
- Professional Learning – Extend capability with complimentary professional learning plans, online courses and webinars that cover both functional and pedagogical topics.
